Dear Parents,

In February our school will participate in the Academic Testing competition for the North Carolina Christian School Association. This is a competition where students take a test in a particular subject of their choice. The test is then sent off and graded. It is a state-wide competition against students of their own age. (This is voluntary-a student does not have to participate).

We must register by Friday, January 7. A student may take more than one test. For each test there is a $7.50 fee. (Example: if Betty wants to take a Math test and an English test she must pay $15.00). This money is due when we send the registration in on Friday, January 7.

Below is a list of tests available to be taken. **Please print this form, mark which tests your child is interested in taking, sign the bottom and return this form *with the money* to Mrs. Parish in the Middle School office. Unless unusual circumstances arise, signing this form obligates your child to participate.** Make checks payable to WCA.

Thank you for your help.
