

2009-2010 WCA Phone Extensions

To help facilitate communication with teachers and offices of WCA we are providing their direct extensions. Dial the school phone number (791-4248) and as soon as the voice starts you can dial the extension you wish to reach. The teachers check their voicemail two times a day. If it is an issue that needs to be handled before school is out, please call the area secretary for assistance.

Administration

To reach the offices of the administrators, please call the following extensions:
