

High School Yearbook

Course Description: To completely and accurately record the school year in a positive and attractive way, presenting pictorial and written descriptions in book form, showing God's work at Wilmington Christian Academy.

Program: eDesign (Herff Jones)

Goal 1: To learn basic design elements and copy formats.

- _____ 1.1 The students will learn terms and identify yearbook elements.
- _____ 1.2 The students will learn which elements make a page attractive.
- _____ 1.3 The students will learn basic research and structure tactics of copy and captions.

Goal 2: To use eDesign to create page layouts.

- _____ 2.1 The students will begin template/color design on assigned pages.
- _____ 2.2 The students will apply basic program tools to edit pages.

Goal 3: To photograph various school events and individuals.

- _____ 3.1 The students will attend chapels, sports, trips, assemblies, etc, and photograph main events.
- _____ 3.2 The students will produce a minimum of twenty-five photos each quarter.

Goal 4: To design yearbook pages.

- _____ 4.1 The students will assign photos to the appropriate pages.
- _____ 4.2 The students will write captions describing and labeling photos.
- _____ 4.3 The students will write stories to explain the events of the school year.
- _____ 4.4 The students will edit pages for correctness in grammar and design elements.

Goal 5: To complete an ads page.

- _____ 5.1 The students will contact individuals to ask for ads.
- _____ 5.2 The students will collect information for the ads.
- _____ 5.3 The students will design ads pages.

Goal 6: To assist and edit additional pages until the yearbook is complete.
